FIXED FULL ARCH IMPLANT SOLUTIONS FOR THE EDENTULOUS PATIENT

COURSE DESCRIPTION:

The lecture will describe a step-by-step procedure for the new LOCATOR F-Tx® Fixed Attachment System. Treatment Workshops and patient demonstrations will round out a full day with a rewarding educational experience.

LEARNING OBJECTIVES:

- Understand the pros and cons of removable vs. fixed implant restoration
- Identify the indications and limitations of the fixed attachment system
- Understand the protocol and procedure for immediate load cases, conversion from removable to fixed restorations and options for salvaging failed screw retained cases
- Learn how to determine the quantity and position of implants for the best outcome
- Review of impression taking direct and indirect techniques
- Maintenance and follow-up guidelines

SCHEDULE:

8:00AM: Registration

9:00AM - 12:00PM: Lecture

12:00PM - 1:00PM: Lunch

1:00PM - 4:30PM: Treatment workshop & Hands-On Training
